Since the use of the Zeco Oil filtration system here, we have been seeing a consistent reduction of 6 jugs a week, at \$26.00 per jug, this results in a savings of \$156.00 per week.

The kitchen staff have become very comfortable in using the Zeco filter system and filtering twice a day has become part of their normal daily routine. Filtering twice a day has also aided us in producing better quality foods to our customers and has kept the carbon build up in the fryers to a minimum.

S&K Oil Sales has been providing us with great Customer service and support when needed.

Sincerely,
